

How to Add Students to Courses

Navigate to the module that you will be adding students to

1

Click **Get Invitation Code** that can be sent to students

2

Invitation codes are used by students who already have a Thinkscape account

Invitation links sent via email lead students to create a Thinkscape account before joining the course

Different course will have different invitation codes/links

3

Click **Copy** to add code/link to clipboard

4

Communicate the code/link to your students

5
