

Can I add additional content such as comments and observations to the lab report?

NATIONAL INSTRUMENTS

Courses / Analog Electronics / Diodes

- 1. Lab Overview
- 2. Diodes
 - 2.1. Simulate: Explore the Behavior of a Diode
 - 2.2. Implement: Observing Diode Behavior
 - 2.3. Exercise: Diode Measurements
 - 2.4. Simulate: Diodes in a Clipper Circuit
 - 2.5. Analysis
- 3. Diodes in a Half-Wave Rectifier
 - 3.1. Exercise: Diodes in a Half-Wave Rectifier
- 4. Conclusion

Click on **Lab Report** in the Table of Contents

1

Your Lab Report will open in the **Main Content Space**

2

Lab Report

Lab Introduction

+ Lab Overview

+ Diodes

+ Simulate: Explore the Behavior of a Diode

At the top of the page you may add an **Introduction** to your lab report.

3

Additional Comments

> Expand Below

Note: Some modules provide a space, to add additional comments throughout.

At the bottom of the lab report you may add a **Conclusion**
