

# Moving Between Courses and Modules

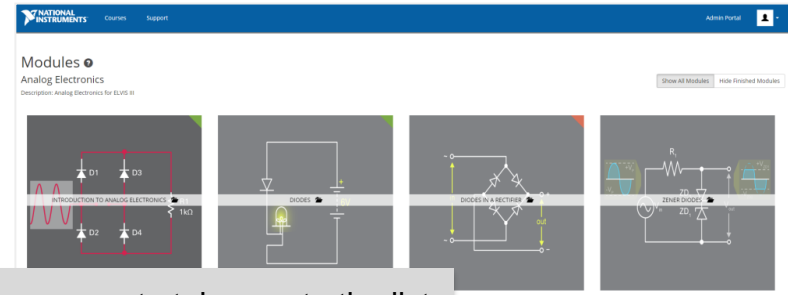

The **homepage** of Thinkscope displays a tile for each **course** you are enrolled in.

1

Hovering over a **course**, displays how many of the **modules** have been **completed, submitted** and **marked**.

2

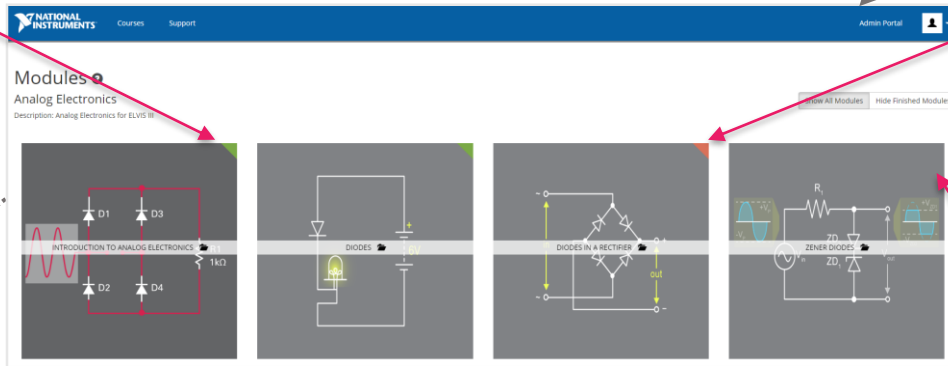

Click on a **course** to take you to the list of **modules** within the course

# Moving Between Courses and Modules

If the tile has a **green** corner, the module has been completed

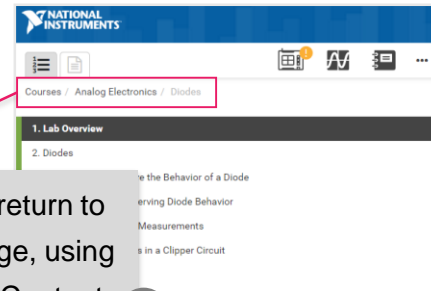

If the tile has a **red** corner, the module has been started but **not** completed

If the tile has **no colored** corner, the module has not been started

To open a **Module** click on its tile

4

From within a module, you can return to the **Course** or **Module** home page, using the breadcrumbs in the Table of Contents
